A. Cricket Australia – Safeguarding Children and Young People

In July 2019, Cricket Australia introduced its policy on Safeguarding Children and Young People. It also released two other supporting documents:

- Australian Cricket's Looking After Our Kids Code of Behaviour for Affiliated Associations and Clubs;
- Australian Cricket's Looking after Our Kids Code of Behaviour for Australian Cricket Personnel.

These documents can be viewed at: <https://www.cricketaustralia.com.au/about/safeguarding>

B. Image Consent and Release:

An Action Plan supports the Policy and Codes and it is necessary to obtain the consent of a Parent/Guardian before the Club can use images of either a parent/guardian or a player.

Northern District Cricket Club Inc may, from time to time, record or take photographs at training, matches and other events organised or attended by players and supporters for the purpose of promoting the Club. These recordings or images may be used by the Club on its website, social media pages, advertising material or in publications. The Club may also, from time to time, take recordings or photographs for the purpose of skill correction and analysis. Unless you inform us otherwise by registering as a player or permitting your child to register as a player for the Club, you and the player consent to the Club taking recordings, photographs or using those images and where applicable your or your child's image for these purposes.
